PRESIDENT WILSON HAS NOT ACTED ON DEBS PARDON YET PALMER REVEALS

Attorney General intimates Ac-
tion Will be Forthcoming
at Early Date

**FIGURES ARE GIVEN ON
TOTAL ARRESTS MADE**
Large Number of Those Taken
Into Custody Have
Confessed

(International News Service)
WASHINGTON, Jan. 19.—Attorney
General Palmer today told the Senate
judiciary committee, that President
Wilson has not yet acted upon the ap-
plication for pardon of Eugene V.
Debs, Socialist, but intimated that ac-
tion would be forthcoming in the near
future.

Although the attorney general said
he could make no statement at this
time, inasmuch as the case was in the
hands of the President, he added that
there was nothing in the department's
policy which made favorable action on
the pardon application improbable. Of
a total of 17,900 alleged violations of
war statutes on the docket of the de-
partment, there have been 5720 con-
fessions and 2924 acquittals, while
9259 are still pending, the attorney
general told the committee.

MOTION DEFEATED
WASHINGTON, Jan. 19.—The
House this afternoon defeated a mo-
tion to reject the Siegel reapportion-
ment bill increasing the membership
of the House from 445 to 483 in ac-
cordance with the 1920 census figures.
The vote was 197 to 92.

ORDER ISSUED
WASHINGTON, Jan. 19.—The De-
partment of Labor today directed
Judge Lawlis, counsel for O'Callaghan,
lord mayor of Cork, to surrender
O'Callaghan to the immigration au-
thorities at Norfolk. The order was
sent to Judge Lawlis by mail.

It was intimated at the Labor De-
partment that Secretary Wilson would
make a statement on the case today.
Officials would not comment on a re-
port that immigration officials in New
York were to confer with O'Callaghan
to arrange for his departure on the
first available ship in order that an
end might be brought to the contro-
versy with the State Department.

STEP DECIDED ON
WASHINGTON, Jan. 19.—Presi-
dent Wilson has decided upon his next
step in his role as mediator in Arme-
nia and it probably will be announced
within a few days, it was learned at
the State Department today.
No intimation of the nature of the
President's resolve was forthcoming.

\$2,000,000 LOSS IN FIRE EARLY TODAY

**FLAMES RAGE IN HEART OF
BUSINESS DISTRICT OF
WORCESTER, MASS.**

WORCESTER, Mass., Jan. 19.—
Two big business buildings on Main
street were destroyed, 20 tenement
houses and a theater were damaged
and the heart of the business section
was threatened by a fire today which
caused a loss estimated at \$2,000,000.
The cause of the fire, which is believed
to have started in the Knowles build-
ing, a seven-story brick structure, is
unknown.

Chief of Police Avery said a fire bug
bled his trade while the Main street
fire was under way. In a three-story
wooden building a suitcase filled with
inflammable matter was found. The
case, according to Chief Avery, had
been placed in a doorway and when the
firemen arrived was burning. The
fire fighters were hampered by zero
weather which froze the water into
sheets of ice.

advertisers may obtain the replies by
calling at The Daily office and identi-
fying themselves.

\$75,000 NECESSARY TO FURNISH WATER COMMISSION HOLDS

**Decision of Utility Body Fixes Valuation
of Plant Here at \$500,000 and Grants
Increased Rates to Company**

The value of the local plant of the
Alabama Water company is placed at
\$500,000 for rate making purposes by
the Alabama Public Service Commis-
sion in a decision received here by
City Attorney Tennis Tidwell and fix-
ing the rates for service in Albany and
Decatur, beginning January 1. Ac-
cording to an announcement of the
water company today, the bills for
January will be paid February 1 in
order that the work preliminary to
making the revision of rates on their
books may be completed.

The commission reached the conclu-
sion that a return of 7 per cent would
be proper on the investment and that
the plant can be operated at a cost of
\$40,000 per annum, including a reason-
able charge for depreciation. The
commission concluded that a gross in-
come of \$75,000 was necessary and
therefore fixed the new rates, which
will boost the income of the company
several thousands of dollars annually,
it was stated.

The decision of the commission in
full follows:
Petition of the Alabama Water
Company for approval of a new rate
of service regulation for the cities of
Albany and Decatur, Alabama.—Docket
3072.

In this cause the petitioning com-
pany was represented by its president,
John B. Weakley, and protestants in
the case, the cities of Decatur and Al-
bany, by their respective mayors and

attorneys, as follows: James A. Nel-
son, mayor, and W. W. Callahan, at-
torney, of the city of Decatur; and E.
C. Payne, mayor, and Tennis Tidwell,
attorney, of the city of Albany.

After careful consideration of all
the testimony produced in this cause,
including the historical cost, the de-
velopments of the property, its origi-
nal cost, its cost of reproduction as a
going concern, and other elements of
value that the commission has thought
necessary, the commission reaches the
conclusion that the proper value of
this property for rate making pur-
poses is Five Hundred Thousand Dol-
lars (\$500,000).

Under present conditions the com-
mission has reached the conclusion
that the proper return on this prop-
erty would be at the rate of seven (7)
per cent per annum on this valuation.

It is the opinion of the commission,
after carefully considering the oper-
ating expenses of this property, that
it can be operated at a cost of Forty
Thousand Dollars (\$40,000) per an-
num, including a reasonable charge
for depreciation. Therefore, the com-
mission has reached the conclusion
that a gross income upon this property
of Seventy-five Thousand Dollars
(\$75,000) per annum would be a rea-
sonable income under all conditions
now existing, and prescribes the fol-
lowing schedule of rates which, in its
judgment, will produce this result,
namely:

METER RATES

First 10,000 Gallons per month (30,000 gals. per yr.)	40c per 1,000 gals.
Next 10,000 Gallons per month (30,000 gals. per yr.)	30c per 1,000 gals.
Next 30,000 Gallons per month (90,000 gals. per yr.)	25c per 1,000 gals.
Next 100,000 Gallons per month (300,000 gals. per yr.)	20c per 1,000 gals.
Next 150,000 Gallons per month (450,000 gals. per yr.)	15c per 1,000 gals.
Next 150,000 Gallons per month (450,000 gals. per yr.)	10c per 1,000 gals.
All over 550,000 Gallons per month (1,650,000 gals. per yr.)	8c per 1,000 gals.

Minimum Charge

% in. Meter with one fixture only	\$ 10.80 per year
% in. Meter with more than one fixture	16.00 per year
1/2 in. Meter	24.00 per year
1 in. Meter	36.00 per year
1 1/2 in. Meter	50.00 per year
2 in. Meter	100.00 per year
3 in. Meter	150.00 per year
4 in. Meter	400.00 per year
6 in. Meter	1,000.00 per year

Flat Rates

House of 4 rooms or less, including 1 fixture	\$10.80 per year
House of more than 4 rooms, including 2 fixtures	16.00 per year
Each additional fixture	2.00 per year

(Hot and cold water faucets, emptying into same basin, will be counted as one fixture.)

Public and Private Fire Protection Hydrants

First 10 Hydrants, each	\$50.00 per year
Next 90 Hydrants, each	40.00 per year
All over 100 hydrants each	30.00 per year

Sprinkler Systems

First 500 Sprinkler Heads, or less	\$50.00 per year
All over 500 Sprinkler Heads, each	10 per year
Turn off and on fee	1.00 per year

Hose Connection Other Than Standard Fire Hydrants

For openings 2 1/2 in. diameter	\$24.00 per year
For opening 1 1/2 in. or 2 in. in diameter	18.00 per year
For openings less than 1 1/2 in. in diameter	12.00 per year

Building and other special purposes, regular meter rates.

As better results can be obtained
from actual operations of the plant as
to cost of operation, the petitioner is
required to make full quarterly finan-
cial reports of its operations, and the
commission retains jurisdiction in the
cause for such further orders as it
may deem advisable in the light of
such reports.

It is further ordered that the peti-
tioning company be, and it is required
to meter its system as promptly as its
financial condition will permit, and it
is required to report to this commis-
sion with other reports, its progress
along these lines.

The commission further orders that
the rules and service regulations filed
by petitioner be approved. The peti-
tioner shall, in a reasonable time, have
such rules and regulations printed for
the information of its patrons.

This cause having been originally
set for hearing on December 8, 1920,
and having at the request of the cities
of Albany and Decatur been continued
to this time, with the agreement of all
parties, that whatever rates fixed by
this commission should become effec-
tive as of date, January 1, 1921.

It is ordered by the commission
that the rates, rules and regulations
approved in this order become effective
as of date January 1, 1921.

STOCKHOLDERS OF TENNESSEE VALLEY BANK ARE MEETING

Stockholders of the Tennessee Val-
ley Bank are holding their annual
meeting today in the directors' room
of the popular banking institution on
Bank street. At noon the stockhold-
ers will be entertained at a luncheon
at the Lyons Hotel.

The morning session was taken up
largely with the reports of officers,
which showed the bank is in a very
healthy condition and growing rap-
idly. The past year was one of the
best in the history of the organization
and under the direction of a very ef-
ficient personnel of officers, the bank is
rapidly becoming one of the leading
financial institutions in the South.

WEATHER

Fair tonight and
tomorrow.

FIGHTING RESUMED IN WESTERN RUSSIA ON LARGE SCALE IS COPENHAGEN VIEW

State of Siege is Said to Have
Been Declared at
Minsk

**ATTACK BY BOLSHEVIKI
TROOPS EXPECTED SOON**

British Foreign Office Receives
Reports of Troop Move-
ments on Frontier

(International News Service)
LONDON, Jan. 19.—Fighting has
again broken out in Western Russia,
according to an Exchange telegraph
dispatch from Copenhagen today.
"White" Russians are reported to be
operating in the region of Slutsk,
Minsk and Borisov, near the Lithu-
anian frontier. The Exchange tele-
graph correspondent at Copenhagen
states that the "Red" Russians have
declared a state of siege at Minsk and
that an attack by the Bolshevik
troops is expected soon.

The original Russian drive on Po-
land began in the Borisov district.
Agents of the British foreign office in
the Baltic states have been sending in
reports that the Soviet was massing
troops along the frontiers of Lithu-
ania and Poland and that an attack
was feared. However, according to
these communications, no aggression
by Russia was expected until spring.

WORK STARTED ON ERECTING DERRICK FOR OIL DRILLING

Work was started today on erect-
ing the derrick and placing the ma-
chinery on the English farm, prepar-
atory to actual drilling for oil, Colonel
Barry announced this morning.

"This preliminary work will occupy
perhaps two weeks," he said, "after
which we expect to push the drilling
on to completion in a very short time."
It is understood the public will be in-
vited to visit the farm and watch the
operations at a little later date.

Sad Old World! Free Seeds Trail John Barleycorn

(International News Service)
WASHINGTON, Jan. 19.—The ag-
ricultural appropriations bill reported
to the house today, totalled \$33,517,
last year's appropriation and \$19,911,
925 less than asked by the Depart-
ment of Agriculture this year. While
the reduction of estimates was gen-
eral the most sweeping was in con-
nection with funds for the national
forest reservation committee which
asked \$10,000,000 and was allowed
\$1,000,000.

The appropriation for free seeds
was eliminated.

Sewer Connection City's Health Step

Connection of all property in Al-
bany must be completed by February
15, officials again pointed out today,
calling attention to a similar warning
given several weeks ago and fixing the
time limit at February 15. The ac-
tion is taken as a health step, it was
declared.

DAILY BUREAU IN CAPITAL TO HANDLE NEWS

The Daily takes pleasure in an-
nouncing that it will, in the fu-
ture, be represented in Montgom-
ery by Fred Gormley, head of the
news bureau which bears his
name. This step is taken by The
Daily in accordance with its de-
sire to furnish North Alabama the
best daily newspaper possible.

Mr. Gormley, who represents a
chain of newspapers, is a consid-
ered the best correspondent in the
state capital and The Daily is cer-
tain the new service will be cor-
dially received by its readers.

Gorman Jones' Name Sent to Senate Today

GORMAN R. JONES

WASHINGTON, Jan. 18.—The
President today sent to the senate the
nomination of Gorman R. Jones, for
postmaster at Muscle Shoals, Ala.

GOODWIN APPEALS FOR RELIEF FOR THE NEAR EAST PEOPLE

Thousands are still starving in the
Near East, children are wandering
the streets, naked and hungry, and
thousands of Christian girls are in
unwilling slavery.

The Near East Relief Committee,
which is incorporated by an act of
Congress has apportioned the dif-
ferent states their quotas for the re-
lief of these sufferers. The Alaba-
ma committee with headquarters at
Birmingham has sent out appor-
tionments to the counties and mu-
nicipalities within its bounds. Alaba-
ma's apportionment is 843 of these
orphans to care for. Albany's ap-
portionment is ten orphans. As \$60
is required to care for an orphan a
year; \$600 is Albany's apportionment
—ten orphans. Rev. L. F. Goodwin,
pastor of Westminster Presbyterian
church, has been appointed chairman
to raise this amount.

He is hereby requesting societies,
clubs, lodges, churches, Sunday
Schools, etc., to "adopt" these suf-
fering, homeless, starving orphans
for a year. Individuals are also urged
to send offerings for the relief of
these innocent sufferers. Will you
help?

"If we fail they will die. America
is the only country who can help
them in this crisis. \$5.00 will care
for a child one month—\$60.00 for
one year," he said.

"Send your contribution to Tom
O. Smith, treasurer, 624 Chamber of
Commerce Building, Birmingham,
Ala., and tell him to credit on Alaba-
ma's quota, or hand to me. You
can mail me a check or phone me
and I will call and get your contribu-
tion. Or you may deposit same to 'The
Relief Fund,' at Central National
Bank."

WOMEN MUST PAY THEIR POLL TAX

**STATEMENT OF LEAGUE OF
WOMEN VOTERS URGES
PROMPT ACTION**

Women who, under a recent ruling
of the supreme court, must pay their
poll tax by February 1 in order to
vote in 1921, were urged to pay the
tax immediately by a statement issued
by the League of Women Voters.
The statement follows:

"The supreme court having so de-
creed, the women of Alabama cannot
participate in any elections which may
be held in 1921 unless by February 1
they pay their poll taxes. This leaves
but a few days to become duly qual-
ified voters of the state, so that the
state may reap the benefit of the new
citizenship.

The tax money which comes from
this source will be devoted to the im-
provement of the schools of the state.

"The Alabama League of Women
Voters hereby urges all women of vot-
ing age in the state to perform with-
out delay their duty in this matter."
Alabama League of Women Voters,
Luna E. Davies, Publicity Secretary.

Jury is Almost Ready to Report Judge Informed

MASONS WILL FEED AT BIG BANQUET IN C. OF C. QUARTERS

All Shriners of North Alabama and
all Scottish Rites Masons, whether
they have taken a part or all of the
work, will enjoy a banquet tonight in
the rooms of the Albany Chamber of
Commerce. The banquet, which will
be served by the ladies of the Eastern
Star, will begin promptly at 7:45
o'clock.

Members of the Shrine today were
requested to wear their fezes. The
banquet promises to be one of the
most enjoyable of the social affairs
given by the order and a large atten-
dance was indicated.

HOUSE DECIDES TO CONTINUE PRESENT MEMBERSHIP ROLL

(International News Service)

WASHINGTON, Jan. 19.—The
House today voted to retain its mem-
bership as at present, despite increases
which might be permitted under the
1920 census. An amendment to the
Siegel reapportionment bill, proposed
by Representative Barbour, of Cal-
ifornia, and providing that the mem-
bership should not exceed 435, as at
present, was adopted.

Under the amendment some slight
changes will be made in the represen-
tation of the several states.

Kiwanis Luncheon Thursday at Noon

The regular weekly luncheon of the
Kiwanis Club will be held Thursday
at noon at the Y. M. C. A. The Ki-
wanis letter says:

Fellow Kiwanians:
"One day last week I watched a
blacksmith try to shoe a mule. The
owner of the mule declared it was one
of the best mules he ever saw—could
say of a row of cotton truer than a
surveyor and always worked hard.
But, oh man, how that mule did kick.
The jazz dame was a lullaby. How
many people hide their true natures
under a veneer of courtesy only to re-
veal themselves where they least ex-
pect the mantle to be removed. You
have seen many a man start in busi-
ness in a meager way. A purchase at
his place of business earned his un-
folding gratitude. When times changed
and this same man became prosper-
ous, how easy it was to become inde-
pendent and impatient when custom-
ers seemed over particular in their
demands. The old courtesy vanished
—the true man revealed himself.
Courtesy is inborn, not assumed, and
comes from a desire to be what we
want others to be. Watch that un-
guarded moment lest your fellow men
see you as you truly are."

"If we fail they will die. America
is the only country who can help
them in this crisis. \$5.00 will care
for a child one month—\$60.00 for
one year," he said.

North Alabama Getting Benefit

North Alabama is reaping much
benefit from the development of the
Warrior river, according to J. W. Mc-
Mooney, general agent of the Mississip-
pi-Warrior service for the inland water-
ways department of the War Depart-
ment. Mr. Mooney was a visitor here
yesterday.

"The last two barges leaving New
Orleans for points up the Warrior
contained 60 per cent freight for
points north of Birmingham in Alaba-
ma."

Board of Stewards Will be the Hosts

The Board of Stewards of the Cen-
tral Methodist church will be hosts at
a banquet at the Albany Chamber of
Commerce rooms Friday evening at
7 o'clock. The banquet is in the na-
ture of a get-together meeting, the
announcement said.

Taxicab Driver Takes Stand to Retell His Confession

AWAITS REPORT

**Change of Venue May
Be Requested to Jef-
ferson County**

(International News Service)

JASPER, Ala., Jan. 19.—Special So-
licitor Horace C. Wilkinson has been
informed by Circuit Judge Sowell that
the grand jury was almost ready to
make a partial report of its investi-
gations into the killing of William Baird
who was taken from the county jail
here last Thursday morning and shot
to death.

Judge Sowell announced he would
remain in the courthouse to receive
the report.

Leslie West, taxicab driver, who
confessed he was with the men who
attacked the jail and mobbed Baird,
was brought from Birmingham where
he has been in jail, by Officers Motes
and Knox of the state law enforce-
ment forces. No military force met
the prisoner at the station and he was
quietly taken in an automobile to the
courthouse square. West will go be-
fore the grand jury and it is said he
will repeat his entire story as he told
it in Birmingham Sunday.

He also will explain why he did not
admit knowledge of the case when
first apprehended. Members of his
family say he feared an attack. He
claimed he was engaged or forced to
carry the party to Jasper without
knowing what they were going to do.

Members of Company M, Alabama
National Guard, who were on duty at
Townley on the night of the tragedy
at Jasper, were being questioned by
the coroner's jury which resumed its
work this morning.

Captain Lollar, who was in com-
mand of Company M at Townley, was
also in the jury room this morning.
As soon as the indictments are re-
turned, Judge Sowell will prepare capiases
which will be forwarded to Birming-
ham immediately for service.

Legal representatives of the accused
militiamen are on the ground watch-
ing every move. The law firms of
Harwood, McKinley, McQueen and
Aldrich and Foster, Verner and Rice
of Tuscaloosa and Cecil G. Gray, of
Jasper, have already been employed
in behalf of the soldiers.

Although no request has been made,
it is heard about the Walker county
courthouse that if a change of venue
is sought for the formal trial of the
men who are accused of killing Wil-
liam Baird, the striking coal miner
who was mobbed on the morning of
January 13, it will be granted.

It is forecasted that the change is
to be asked to Jefferson county and
that the courts of that county are
willing to receive the case.

DENIAL MADE OF EXCESS COAL COST

**ASSOCIATION OFFICIAL EX-
PLAINS PRODUCTION FIG-
URES TO SENATE**

(International News Service)

WASHINGTON, Jan. 19.—Flat de-
nial of excess charges having been
made for bituminous coal by coal op-
erators was entered today before the
Senate manufacturers' committee con-
sidering the Calder coal regulation
bill, by J. A. D. Morrow, vice-presi-
dent of the National Coal Associa-
tion. Morrow said a survey made by
the association shows the average
price asked for coal was \$3.47 per ton
with production cost totaling \$2.76
per ton.

The prices were based on figures ob-
tained from the production and sales
records on 100,000,000 tons. The mar-
gin of 71 cents is reduced to about 35
cents by taxes and overhead, Morrow
declared.

Caught at Last
CHIPPewa FALLS, Wis., Jan. 19.
—Louis Krueger, 30, sought as a draft
evader for two years, has been arrest-
ed. He was one of four brothers
sought as draft evaders.

WAGES OR FEES?

The nation is drifting toward the abolition of fees and tipping in favor of a basic wage for enumeration of American workers. With agitation now going on in legislative bodies, urging a salary system for public officials and matching progress with efforts of organized bodies to legislate the tipping evil from existence in other walks of life, the date does not seem far distant when the American public will be cured of a habit which has been found not only expensive for the public but tending to lessen the self respect of the recipients.

The Commercial Bribery and Tipping Review speaks of the progress of the work as follows:

Many factors point to success in the general movement for better business practices. Not only has sentiment for the proposed Business Ethics League of America crystallized impressively, but new agencies for combating corruption are coming to the fore, and existing organizations are working actively to the common end.

The plan for organizing the Business Ethics League of America has been changed, owing to the opinion that legislation may not be passed at this session of Congress, and it is desired to have a general meeting in Washington early in the special session President-elect Harding will call in March or April. This meeting will be designed specially to impress the many new members of Congress with the need of antibribery legislation.

One of the best signs of the times is shown in the organization of a large section of the marine industry to eliminate bribery. The Chamber of Commerce of the United States is expected to act against commercial bribery, either through the Council this month, or at the annual convention to be held in Washington in April or May. The National Association of Purchasing Agents and the American Society of Sales Executives are particularly active in behalf of legislation, and many other trade associations are helping.

It is probable that a group of men and women interested in the formation of a Business Ethics League will organize by incorporating under the laws of the District of Columbia, the incorporators to be the Executive Council until the first general meeting. Plans are maturing and will be announced later, in detail.

WHERE ARE THE INVENTORS?

Off hand one would judge the war furnished an opportunity for the greatest period of invention in the world's history. Undoubtedly the great conflict was featured by many inventions of more than ordinary importance, perhaps many of them not yet announced, but it is interesting to note that the year's edition of the New York World's almanac fails to list a "noted invention" since 1912 when Isaac N. Lewis is given credit for having perfected the machine gun.

The long range gun the Germans used in the bombardment of Paris, while hardly of the same importance to the people of the world as was Bell's invention of the telephone or Edison's incandescent lamp, yet would seem to be worthy of mention. The depth bomb, used with such great success by the American destroyers against the submarines, was not an entirely new idea, but the plan gave to the allies one of their most potential weapons in modern naval warfare. Numberless other devices were perfected during the days the minds of the world were turned to things of destruction. Mayhap the great New York newspaper did not consider these things worthy of lasting fame or of real benefit.

WOMAN'S ENLARGED SPHERE

It requires no stretch of the imagination to realize fully that the suffragists, when they spoke glowingly of "woman's enlarged sphere" did not mean to include the profession adopted by Mrs. Cleopatra Hurtzman, of Wichita Falls, Texas, who has confessed to acting the role of bandit in fifty

hold-up performances staged in the space of 60 days.

"A smile or a tear were my chief weapons," she was quoted as saying, "but I also carried a little pearl-handled revolver for emergency." Even in banditry, Mrs. Hurtzman was unable to forget the chief weapons of woman in other lines of endeavor—a tear and a smile.

Woman apparently has enlarged her sphere, but has neglected to forsake some characteristics she found handy in a less exalted realm.

THE FUTURE AMERICAN ARISTOCRACY

It becomes necessary, and it is pleasant to do so, to quote W. L. George more than once. Then, too, we might as well finish quoting him now and prepare for a new visitor. George's visit is about over and he is ready to return to England. But Chesterton has just arrived for a lecture tour. He will doubtless write at length of what he sees and hears in our country, and will require much attention.

Mr. George has been writing vividly of his impressions of America—none has written more entertainingly of our people than he. From his recent essay an excerpt from which we quoted but a few days ago. We must now quote his answer to the question, "Where will the American Aristocracy come from?" He says:

You can visit in America a city of a hundred thousand inhabitants and find there better shops, better goods, more artistic stuffs, more attractive furniture, and, in unexpected spots, a more vivid culture than in any English town—wealth leads to aristocracy; out of wealth America will breed hers. The poor aristocrat is a popular illusion. Indeed, an aristocrat may be poor, but he must be the son or the grandson of an aristocrat who was rich. Without wealth aristocracy cannot survive; without wealth it cannot be born. Wealth does not necessarily create aristocracy, but it can do so. I feel that the aristocracy of America will not be maintained out of the elegancies of Boston or the languors of South Carolina, but is being born, born of the rugged, fierce stock of the middle west. After all, the early aristocrats, the Normans and the crusaders, too were kid-gloved neither in their morals nor their manners.

The reader will realize from the foregoing that I have not joined the faintly envious clamor against the middle west. The middle west, by the fact of its novelty, shows its "seamy side," the dust of ages, which has filled the seams of Paris and London town, has not had time to make for the west a glossy surface. And so the east, with 300 years behind it, is more acutely conscious of Chicago than the foreigner can be. Certainly, from the eastern point of view, Chicago is what you might call difficult. I can understand that a banking family in Manhattan, harking back to bankers of New Amsterdam, dislikes the unashamed boasting which Chicago indulges in.

Social America will be worth coming back to see 100 years from now. The character of the future aristocracy is difficult to forecast with reasonable accuracy for the reason that our democratic institutions and our resources allow the making of fortunes in a generation by anybody in almost any field of activity. But business, rather than the professions, will be the chief pillar in that aristocratic structure which we are told on every hand must come. The money-making business we mean.

Wealth, sooner or later, buys culture and pride. It may not buy culture for the first generation that owns it, but the second generation will have a taste of it, and the third will surely be a transformed family, provided the family character is sound at bottom.

We are a mighty business people and mighty fortunes have been laid by raw men to be used by their descendants in refining themselves and in practicing the art of living.

The average American aristocrat of the 100 years hence will not be the owner of a ducal landed estate as in olden days in Europe. He will own shares in a shipping business, or mining, or banking business, or mercantile business or manufacturing business.—Montgomery Advertiser.

From reports trickling in from a number of our neighboring towns, it looks like all the citizens thereof who are able to travel would move to the Twin Cities, of course.

If the fair sex should ever take to robbing mails, all the Post Office department would have to do, would be to lay in a supply of mice.

The only person who has no competition is the one who is dead struck on himself.

The burden of "nos" against the development of Muscle Shoals seems to be lightening up a bit.

PATTERSON IS NOW UTILITY UNIT HEAD

LOCAL BUSINESS MAN TAKES OATH OF OFFICE AT CAPITAL

MONTGOMERY, Jan. 18. (Special)—A. G. Patterson, of Albany, became president of the Alabama Public Service Commission Monday, succeeding Sam P. Kennedy, of Anniston, who had been in the office since early in 1915 and whose second term expired at midnight Sunday. Mr. Patterson took the oath of office and dueling oath before Otis A. Adams, chief clerk of the department of state, obtained his commission and assumed the duties at 10 o'clock.

The commission was in informal conference during the day preparatory to the hearing of several cases which are docketed for this week. Mr. Patterson told his friends that he had tried to familiarize himself with the duties of the office since his nomination, but the dangerous injury of his little daughter, who was desperately burned in September, had prevented his giving as much time to the study

CARD OF THANKS

I desire to express my heartfelt gratitude to the Masons, ladies of the Eastern Star, engineers and other friends for their many kindnesses in my recent bereavement.

Mrs. C. T. Hardman.

CARD OF THANKS

I wish to thank all my friends who supported me in the Albany-Decatur Daily circulation contest. Especially those in the Louisville and Nashville shops who so tirelessly aided me in my work.

Gladys Barnes.

AN APPRECIATION

It gives me much pleasure to extend my hearty thanks to the many friends who aided me in the contest just closed for the Albany-Decatur Daily. I am deeply appreciative of the many courtesies extended me by the public in general and also of consideration shown by The Daily.

Respectfully,
MRS. KITTIE PREWETT.

The Globe Man is coming January 27, 28 and 29.—Adv.-It.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried. One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

TAKE

CARDUI

The Woman's Tonic

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

Take Cardui

H. Hartung, Clerk.
(Adv. D-31tf)

as he desired. He also stated that the child's illness would interfere with his work for a short time, but physicians believe she will recover within 60 days.

"It is my intention to move to Montgomery as soon as my daughter is able to be moved and I obtain a home here," said Mr. Patterson. "In the meantime I shall study the duties of the office and with the assistance of my associates will attempt to discharge the trust placed in me by the people to the best of my ability."

Since the railroads were returned to private ownership and the legislature enacted the new utility bill, the Public Service Commission has been placed next to the supreme court in point of importance. This commission now has jurisdiction over rates and service of all railroads and public service corporations, except utilities owned by municipalities which are expressly exempted by the act. Since October 1 the commission has had cases before it every week.

Judge B. M. Miller, who succeeded Judge Joel B. Brown as associate justice of the supreme court, took the oath of office before Judge John C. Anderson, chief justice of the supreme court. Judge William H. Thomas, who was re-elected a member of the court, also took the oath before Justice Anderson.

Others who began new terms during the day were Judge Henry P. Merritt, elected as a member of the court of appeals for the full unexpired term of Judge Brown, and John H. Wallace Jr., who began another term as state conservation commissioner, an office he has held since the department was created during the administration of Governor B. B. Comer.

Express Company Enters the Field

ATLANTA, Jan. 19.—The Southern Express Company, organized to compete with the American Railway Express Company, covering territory between Baltimore and New Orleans, Cincinnati and St. Louis to the southeast and including these cities, will commence business March 1, according to an announcement just made.

John B. Hockaday, of the old Southern Express Company, is president of the new concern and headquarters have been established in Atlanta. The new company will operate on the Southern railway and its affiliated lines.

Italians say the bass voice of Luigi Lablanche, who was in his prime from 1830 to 1852, has never been equalled in volume or quality.

The Globe Man is coming January 27, 28 and 29.—Adv.-It.

Announcement

At the regular annual meeting of the Directors of the Laborers & Producers Union, on the night of Jan. 18, 1921, it was shown by Inventory of stock, fixtures, etc., that the past year's business netted a gain of \$2,985.56. This being \$72.27 above the cost value of the Merchandise in stock excluding the value of fixtures and Automobile truck.

A number of share holders were present and a motion to continue the dividends of the past year's business in the business, for the promotion of same, carried by a unanimous vote.

Mr. Sim G. Howell, one of Albany's promising young business men, has the management of the business in charge and he has worked hard and faithful throughout the past year to make the business a success both as a business and as a source of union and co-operative welfare. The goal he is reaching out for is a business of \$100,000.00 capital owned and operated exclusively by the union workers.

We are proud of our customers and will be glad to have all continue trading with us. If we make any mistake in your bill, at any time, please remember we stand ready to correct it promptly. We are human and subject to the usual mistakes of humanity. He who makes no mistakes makes few efforts towards a successful career in this life, and those who claim they make no mistakes do their defaults on purpose.

All union men are specially invited to take stock in the business and help make it a success.

Hoping to have a more hearty support of the union men of this locality, in the future, and remembering all for a fair business deal we are,

Very respectfully,

The Laborers & Producers Union, Inc.

J. M. BOWLING, Pres.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U.S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so that you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonsful with four teaspoonfuls of water in a glass. With you watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—(Adv.)

COTTON MARKET SUFFERS A DECLINE

RALLY OF TEN POINTS AFTER INITIAL FALL FOLLOWING THE CALL

(International News Service)
NEW YORK, Jan. 19.—The cotton market opened fairly steady today at a decline of 20 to 27 points, influenced by weak cables, active Liverpool and local and Southern selling. There was a rally of 10 points after the call on trade demands and Wall street buying. Notices for the delivery of 4900 bales on July contract were issued this morning, but appeared to have been quickly stopped. A number of very bearish private Liverpool cables were received by local firms, telling of general depression in the English cotton trade.

COTTON BODY WILL MEET IN HARTSELLE

MORGAN COUNTY BRANCH OF NATIONAL ASSOCIATION WILL HOLD CONFERENCE

The Morgan County branch of the American Cotton Association will hold an important meeting in Hartselle on Saturday, Jan. 22, it was announced today. The session will be called, to order at one o'clock in the city hall. Officials of the organization urged a full representation from every beat in the county, as matters of much importance to the cotton growing industry will be discussed.

Somerville News

Mrs. Kittie Johnston and son, C. P. Johnston, were guests Sunday of Mr. and Mrs. Jim Simpson at Hartselle.

C. L. Peck was the guest of Dr. Peck Sunday.

The young people enjoyed a hay ride to the home of Mr. and Mrs. E. L. May Friday night, where they were delightfully entertained and enjoyed delicious home-made candies as refreshments.

Fire of unknown origin destroyed a house filled with hay belonging to C. P. Johnston, out near the Hartselle pike. Fire was discovered about midnight by J. B. Robinson, who lived near by.

Burford Hough is visiting his aunt, Mrs. Lula Wade, this week.

Lurline Wade entertained Saturday night in honor of her cousin, Burford Hough, of Lacy Springs.

A. D. Sample has purchased a tractor to farm with this year. Mr. Sample is a graduate of Auburn where he specialized in agriculture.

Mr. and Mrs. B. E. Waugh and family were guests of their sister, Mrs. Tom Blankenship and family.

Amusements

BRILLIANT AND VERSATILE MARGARITA FISHER, DELITE

Margarita Fisher in "The Gamesters" is not only good to look upon, but she does some acting. So the word comes from reviews and comments from all over the country. She is practically the only woman character in the drama and she has things all her own way in a story which begins with a poker game and ends with a roulette game which breaks the bank. Magnificent gowns and beautiful settings, West and East, and many quickly turned pages of real life, guarantee an evening of good entertainment at the Delite today.

"SOONER OR LATER" WITH OWEN MOORE, STAR TODAY

"Sooner or Later" in which Owen Moore is to appear today at the Star Theater, is the second feature photograph which this well known star has made for Selznick Pictures. The first, "Picadilly Jim," was a tremendous success and "Sooner or Later" gives every promise of proving even more popular.

In principal support of Mr. Moore is Seena Owen, who was especially engaged for the part and who will "bear watching" by all those who follow the careers of screen players. Miss Owen is tall, blonde, and very Nerse in type. She has proved an excellent foil for Moore.

Many Sleeping Places

The average man probably sleeps in one hundred beds or so during a long lifetime. A veteran commercial traveler whose home is in New York can afford to smile at this record, for he says, "I calculate that I have slept in at least 8000 beds during my forty-odd years on the road."

The Magi, a sect of priests of the ancient Medes and Persians, were so celebrated for their enchantments that they have given the name to the art of magic.

NOTHING WRONG EXCEPT "RUN DOWN"

Heart All Right—Lungs All Right But Blood Weak

NO ENERGY OR ENTHUSIASM

That's When You Need Pepto-Mangan—the Red Blood Builder

When you feel weak and almost sick, see a doctor and find out what is wrong.

It may be a serious illness. But in many cases the doctor finds nothing really wrong except a general run-down condition due to the need of stronger, richer blood.

For over thirty years physicians have recommended Gude's Pepto-Mangan to restore weakened blood to its normal healthy state.

Pepto-Mangan imparts to the blood the elements it needs to build up vigorous men and women. Children whose blood is impoverished become listless and pale and fail to romp. Pepto-Mangan creates a supply of nourishing red blood that makes the cheeks glow, the eyes sparkle and brings back the energy for play or studies.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look Mangan.—Adv.

A "Lot" of Good Things That
Every Body Should Know

Some one of the Daily force got the type all mixed up last week, and one paragraph of Pathe News was so arranged that no one could tell just what was meant for that space. When we mentioned this fact to one of the "office" force at the Daily office, he said that the whole affair was so "crazy" that they could not tell when they had it right, and consequently they were not to blame. We excused him.

Oh, Boy: We're spreading out. Just look how we have grown since we started business here. Now we are about to branch out again, and this time in a larger way than ever before. Just as soon as Edison "completes" his invention that will enable us to talk with the other worlds, we are going to apply for the exclusive agency for Pathe Phonographs on these newly "connected" continents, and do our bit for humanity. For what is a world anyway without good music.

We are glad to see so many people who are convinced that prices are about as low as they are going. To those who are still in doubt, we invite them to our store for the late prices. We have gone down with the market, and if others have not, don't blame all of us for that.

We had a man from Birmingham in to see us a few days ago, and "Great Scott", he exclaimed, "you have more records here than any place I have ever been. Said he didn't know there was such large stacks of records in this part of the country."

Some people live a larger part of their lives without knowing that they could make it so much more a pleasure than they do. We should remember that every minute of our lives is trouble or satisfaction to us, and we should make it all "satisfaction" if possible. We just had Mr. H. K. Laatsch tell us a few days ago, that he could not do without a Pathe Phonograph, and that he did not know there could be so much pleasure and enjoyment in a phonograph. Mr. Laatsch is a popular employee of the Decatur Cornice & Roofing Co., and bought his Pathe during the holidays.

We have been a little uneasy for fear the Pathe Company would call us down for issuing Pathe News. You see they publish a Pathe News, and manufacture the Pathe News films, and we don't want to be accused of cheating them out of some of their "news." But since we have sold more phonographs in this territory than any dealer has ever sold here, we believe they will be considerate with us, but we have no objections if they want to copy any "news" we publish before they do.

BURTON-PORTER

At the home of the bride's aunt, Mrs. Charles E. Johnson, 287 Lawton street, Atlanta, the Rev. Elms B. Highman, pastor of the West End Christian church, officiating, occurred, on the 29th day of December, 1920, the beautiful marriage of Miss Frances Burton, of Slayton, Texas, to Mr. W. O. Porter, of Albany, Ala. The marriage was solemnized with the two ring ceremony in the presence of a few special friends and relatives. Mr. and Mrs. Porter are at home at 261 Peachtree street.

The groom is a son of Mr. and Mrs. W. J. Porter of this city and is a young man of sterling worth. He has many friends here who extend best wishes. Mr. Porter was associated with this paper for some time and is a reliable young man, capable and trustworthy, and his old associates wish him the best.

Mrs. Ella Combs of Georgetown, Ky., is visiting her brother, Hal Mullen, and Mrs. Mullen on Johnston street.

Mrs. J. H. Donnell left today for an extended visit to Nashville relatives.

How Will You Feel Four Days From Today?

Will Your Stomach Still Be Bothering You—Making You Uncomfortable—Robbing You of Your Strength, Your Happiness? Will Indigestion Still Be Gnawing.

Try Re-Cu-Ma Under Our Four-Day Trial Plan. If It Helps You, You Receive Priceless Benefits. If It Doesn't Help You Return the Bottle and Every Cent That You Paid for Re-Cu-Ma Will Be Refunded. A Fairer Offer Was Never Made to Sufferers from Indigestion.

On the stomach, one of your most important organs, depends your general health. The stomach should be always in fine condition. Yet indigestion is one of the most common of all diseases. AUCTION BOOK CLUB

Mrs. B. F. Austin was the charming hostess to the Auction Book Club on Tuesday afternoon at the attractive home of Mrs. W. J. Nesbit on Church street. Three tables for the game of auction were placed in the spacious living room. Margaret Widemer's new book, "I've Married Marjorie," was awarded Mrs. J. C. Sheets for top score, while the guest prize, a deck of Congress cards, was presented to Mrs. D. Kyle. After the game and the prize presentation, Mrs. Austin served tempting afternoon refreshments.

TUESDAY AFTERNOON BRIDGE CLUB

Mrs. A. B. Coddington entertained the Tuesday Afternoon Bridge Club yesterday. Only the two tables of club members were present. Mrs. Henry Davis was the fortunate winner of the club prize, dainty cups and saucers. Succeeding the game a short business session followed. Mrs. Marvin Rankin assisted the hostess in serving a salad course.

Mr. and Mrs. Charles Denwiddie of Joliet, Tenn., are the guests of Mr. and Mrs. Lambert C. Mayes.

Mr. and Mrs. R. H. Wolcott will leave Thursday for Miami and other points in Florida.

Miss Mary Lou Dancy left today for a visit to Huntsville.

Mrs. P. W. Barclift of Hartselle is in the city shopping today, the guest of Mr. and Mrs. Chas. C. Robertson.

Mrs. A. D. Stanton of Nashville is the guest of her daughter, Mrs. O. C. Parker.

PERSONALS

Curtis Almon has accepted a position with the advertising department of the Birmingham News.

Rainbow Veteran Slain Accidentally

HUNTSVILLE, Ala., Jan. 19.—Special.—Samuel Helton, aged 21, a Rainbow veteran, died at a hospital here this morning following wounds received accidentally while he was hunting on the Overton farm, near here.

He was beating bushes in search of game when his gun exploded, inflicting fatal injuries. He was rushed to a hospital here, but died on the operating table.

Has Few Relatives
Corn has but few relatives in the plant world. Everyone knows the value and use of corn as a farm feed, but few appreciate its value as a human food in this country. In other corn producing countries it is a popular human food. It is a strictly American plant, but sailors carried it broadcast, and fields of it now cover the other continents.

Brush Eyebrows
The eyebrows should be brushed night and morning with a small brush that is sold for the purpose; this promotes their growth and trains them into shape.

Fat in Alligator Pear
Among the fruits used for food the alligator pear is remarkable for its large proportion of fat, which runs as high as 20 per cent, or about the same as that of common cream.

EUROPEAN RELIEF APPEAL WORKERS READY FOR DRIVE

BIRMINGHAM, Jan. 19.—(Special)

With the Montgomery county teams already in harness and pushing the campaign to raise that county's portion of Alabama's contribution to the European Relief Council's appeal for funds to save the lives of three and a half millions of starving children in Eastern and Central Europe, the machinery for the state-wide appeal, which will be under way February 19 to March 6, rapidly is swinging into form and reports to the Alabama division's headquarters from all sections of the state indicate that the workers will be all ready for the campaign when the work actually gets under way.

In order not to confuse the work of the European Relief Council with that of the Near East Relief, Herbert Hoover, chairman of the council, and Jas. L. Barton, director of the relief, have issued the following joint statement:

Difference of Organizations

"The undersigned issue this joint statement because of some confusion which has arisen owing to the fact that the Near East Relief and European Relief Council are conducting simultaneous campaigns for funds. Near East Relief, which has been in existence for five years, is ministering to the sufferings of refugees and orphans in what was formerly the Turkish empire, Persia and Armenia, and, in addition to what is required to operate its hospitals, rescue homes and refugee camps, collect approximately \$6,500,000 for child feeding covering the period from October 31 until the next harvest. Its appeal for the children has always come at Christmas time. The European Relief Council, representing the American Red Cross, American Relief Administration, American Friends' Service Committee, Jewish Joint Distribution Committee, Federal Council of Churches of Christ in America, Knights of Columbus, Young Men's Christian Association and Young Women's Christian Association, is an emergency fund endeavoring to provide food for 3,500,000 suffering children in Poland, Estonia, Czechoslovakia, Latvia, Serbia, Russia, Austria and Germany, as may be designated by the donors. It must collect \$33,000,000 before the next harvest to meet its need. The two interests in each case are absolutely equal in the matter of preservation of the lives of children and are working in co-operation and mutual understanding."

Dr. S. W. Welch a Twin City Visitor

Dr. S. W. Welch, of Montgomery, state health officer, was a Twin Cities visitor late Tuesday afternoon, passing through here enroute to the capital from Colbert county, where he has been engaged in the establishment of a health unit.

Accompanied by Dr. B. F. Austin, Dr. Welch inspected the sanitary toilets at the Priceville schools. It is understood Dr. Welch desires to make the Morgan county unit a model unit for the state.

How an Editor Sleeps
Here is a remedy for sleeplessness that is declared by a newspaper editor to have never failed him: He starts thinking of all the words he can remember that begin with A. When he has exhausted the A's he starts on the B's and so on. At first he generally reaches the ninth and even tenth letters before being rewarded, but now he is sleeping as soundly as a two-year-old.

Repairs Other Makes and Makes them Better

In repairing any make of battery we use the patented features which have made Vesta batteries famous for long wear.

This is one reason for the satisfaction of our customers. Another is the prompt, courteous service. Still another, our fair basis of charging for all repairs.

Your battery should be inspected at least every two weeks. Let us do this for you. Inspection and testing are free. If repairs are needed we will tell you. If they are not needed, we are just as quick to say so, for it is our policy to help you get maximum service from your battery at minimum expense to you.
